## February Test Session Results

This was the largest test session held at CESC! We had to negotiate for 2 extra hours of ice to accommodate all of the testers. Due to the increased popularity of our club, the test chair used her prerogative and closed the test when all the ice was scheduled. The May 11<sup>th</sup> test session is available now, so plan ahead to register and secure a place on that date. There will be two summer test sessions in July and August. Dates TBD.

Of the 36 testers, 34 tests were passed! CESC is very proud of this accomplishment!
